# BAROLO

Barolo is a red wine produced in the Piedmont region of Italy. The wines are made from Nebbiolo, a small, thin skinned red grape varietal generally high in acid and tannins. Nebbiolo is one of the first varietals to undergo budbreak and last to be picked, with harvest generally taking place in late October. Barolo wines must be solely composed of Nebbiolo, no exceptions. The wines are rich and full-bodied, with a strong presence of acidity and tannins. Barolos are often compared to the great Pinot Noirs of Burgundy, due to their light brick-garnet pigments and bright acidity. Rose flower, tar, and dried herbs are aromas frequently associated with Barolo wines. According to DOCG regulations, the wines must be aged for at least two years in oak and one year in bottle, with five years of age (three in oak) required for Riserva labeling.

## DAL FORNO ROMANO “AMARONE DELLA VALPOLICELLA CLASSICO” DOGC

**Region: VENETO**~ The Dal Forno family has been making wine since 1983. James Suckling scored this 100 points saying "This is black as pitch in the glass and, yes, there's a light, tarry edge to the super-concentrated prune, date and currant fruit. But even more interesting are the complex notes of bitter-orange liqueur, aged balsamic, fresh roasting herbs, cinnamon, roasted chestnuts, black tea and licorice. It's full-bodied with huge concentration and lots of chewy tannin that is managing to hold the fruit back for now. This needs plenty of time to develop in the bottle. Just superb. One of the greatest Dal Forno's ever."
